Dear Mr. and Mrs. Rothwell, Ms. Sykes, Mr. Gates, Mr. and Mrs. Kohler, and Mr. and Mrs. Arnold,

Attached are EPA's conditional approval of Keller Transport final work plan and the amended Administrative Order. Also, I sent out a notebook today containing information pertaining to the Keller Transport cleanup to the Polson Library as we said we would in the fact sheet that was distributed to you a couple of weeks ago. There isn't anything in the notebook that you won't have already seen but in case you have a difficult time downloading the attached files, hardcopies will be available in the notebook.

As mentioned in yesterdays call, I will be out of the office starting tomorrow, returning on Monday, September 29. Donna and Brenda will be around should you have any questions. Donna will be out of town toward the end of September during which time I will be returning. Steve Way, EPA On-Scene Coordinator, is planning to be up at the cleanup area next week. If you're around, please feel free to introduce yourself.

I will place a hardcopy of the attached files in the mail to Mr. and Mrs. Jones since I do not have an email for them.

Sincerely, Libby Faulk
